

Evidence-informed resources to support learning and development

Explore Research in Practice learning resources including podcasts and videos on key topics to support evidence-informed practice.

How can Research in Practice learning resources support your organisation?

Our digital learning resources are designed to support practitioners, managers, and strategic leaders to transfer learning into changes in practice.

‘We really enjoy using Research in Practice - the resources are consistently current, relevant, and closely aligned with the evolving landscape of social work practice.

They provide valuable insights and practical tools that support our work.’
